## Shape Shifter West Coast IPA – 6.4% ABV (can and keg)

OG: 14.5 FG: 2.6 ABV: 6.4% Colour: Straw IBUs: 68

Inspired by North America's vibrant West Coast, bold, aggressive and colourful in character.

A classic West Coast IPA inspired by our love of hops. Aggressive dry hopping with Citra, Mosaic & Centennial imparts intense flavours and aromas of mango, grapefruit and pineapple. The mouthfeel offers full rounded flavours on the tongue with a slightly sharp, but highly enjoyable lingering finish.

## Juicebox IPA – 5.9% ABV (can and keg)

Inspired by the New World. Aromatic, juicy hops and youthful vibrancy.

OG: 14.6 FG: 3.5 ABV: 5.9% Color: Gold IBUs: 55

Pure tropical, fruity pleasure in a glass. Fresh orange zest and heaps of extremely aromatic hops give this beer bright, intense flavours of mango, papaya and bitter orange. A restrained yet present bitterness makes you want that next sip, and the next one, and the one after that. Hoppy, zesty and refreshing.

## Indy Lager – 4.4% ABV (can and keg)

Inspired by London, via Munich, crisp and gently hopped.

OG: 10.0 FG: 1.6 ABV: 4.4% Color: Straw IBUs: 20

Brewed with the finest malts, classic German aroma hops and our house lager yeast then matured at low temperature to bring out a delicate spicy and lemon zest hop flavour. This is a refreshing and easy drinking craft lager with a smooth crisp finish.

### **Beartooth – American Brown – 5.3% ABV (can and keg)**

Inspired by a journey from Scotland, via London to the vast American centre, our take on the modern Brown Ale supersedes Britain's working class pubs and embraces the US Hinterland.

OG: 13.3 FG: 3.3 ABV: 5.3% Color: Brown IBUs: 32

Beartooth is an easy drinking, full flavoured American Brown Ale. We use four different malts to deliver a beer of considerable complexity, with flavours of caramel, chocolate, and coffee. We use two American hop varieties to complement the malt character with bright, citrusy notes.

### **Northern Latitude – 6.4% ABV (can and keg)**

Inspired by the cool, fresh climate of the North as Winter descends. Bright, sweet and warming, Northern Latitude is a warm embrace on cold windy nights.

OG: 16 FG: 3.2 ABV: 6.4% Color: Red IBUs: 55

Northern Latitude is a Red IPA brewed with brown sugar for the winter holiday season. It lures you in with a temptingly hoppy nose of orange, tangerine and lemon. It boasts a generous malt character without being sweet, a hint of spice and a balanced finish. A moderately bitter yet assertively aromatic IPA, and a great accompaniment to food.

### **Southern Latitude – 4.7% ABV (can and keg)**

OG: 12.0 ; FG: 3.0 ; ABV: 4.7% ; Color: Pale Gold ; IBUs: 45

Inspired by the long, hot Antipodean Summers. Days are lazy and warm and beers flow well into the night, requiring something cold, fresh and flavoursome.

Straw yellow with a fluffy white head, Southern Latitude is packed full of assertive hop character. Topaz and Centennial offer some resinous aromatics, citrus and lychee but Galaxy is the powerhouse here with aromas of passionfruit, mango and more citrus. The light malt character offers a hint of toast and honey with a dry finish. The hop flavour is assertive and similar to the aroma, with noticeable pineapple and citrus fruit on the palate. The omission of bittering hops means that the beer has a very intense aroma and fruity hop character without being overly bitter, resulting in a well-balanced and highly drinkable beer.

### **Flatiron - 4.7% ABV (can and keg)**

Inspired by Colorado's mountain trails, a robust beer for cool nights at high altitudes.

OG: 11.7 FG: 2.9 ABV: 4.7% Colour: Red IBUs: 30

This mahogany red beer is a beautiful marriage of malts and hops. Elegantly balanced, notes of caramel, toffee, and toasted grains are complemented by bright, citrusy and tropical American hop character with a smooth finish.

### **Skyliner – 4.8% ABV (can and keg)**

Inspired by Bavaria's crystal lakes and warm summers, refreshing and floral for long, social evenings.

OG: 12 FG: 3.0 ABV: 4.8% Colour: Hazy Straw IBUs: 11

A classic Bavarian wheat beer, brewed right here in London by us. Enticing aromas of cloves and banana bread, gentle malt body and a refreshing finish. Prost!

### **Morning Star – 7.1% ABV (keg only)**

Inspired by the dark of Winter, where cold nights are kept at bay by a warm, comforting fireside.

OG: 17.0 FG: 4.0 ABV: 7.1% Color: Black

The beer pours black with a tight, tan-coloured head. A beautiful, complex aroma of vanilla, caramel, crème brûlée, toasty malt & subtle spice. The beer is full-bodied, rich & creamy. Intense flavours of chocolate, vanilla, and caramel with background coffee & brown sugar. The oak contributes to the gorgeous silky texture, and the vanilla balances beautifully with chocolatey flavours from the malt. Perfectly balanced, if I may say so myself.
